

MARK V™ Premium

With ProConnect™ for Paints, Fire Retardant and Airless Plastering Applications

www.graco.be

HD Prime Valve
Improved Control Board

PROFESSIONAL ADVANTAGES

- FAST: sprays plasters like paint at the speed of airless
- CLEAN: hardly no projection of material
- SIMPLE: cleans quickly and automatically

MATERIALS

Latex - Emulsions - Acrylics - Epoxies - Blockfillers - Fire retardant - Light plasters

Texture Applications
MARK V™ Premium

MARK V™

Premium Series - with ProConnect™ for Paints, Fire Retardant and Airless Plastering Applications

1 Unscrew paint line

2 Open latch that opens front cover

3 Remove pin. Pump lower is free.

Easy Out™ Filter system

AutoClean™ 2 + Heavy Duty Prime Valve
Now fully automated. Connect your gun and switch the HD prime valve to the AutoClean position. The system will do the rest: while you start other cleaning activities, the system cleans gun, hose, filters and unit independently!

Auto Clean₂

Motor & SmartControl™ 2.0

The unit's brain controls the very strong performing brushless DC motor.
- Save energy! Smart Control makes the motor turn only if pressure is needed
- Adjusts the pressure immediately to the tip size and maintains very accurately the stalled pressure
- Digital display with pressure rating, liter counter and error coding: ALL FROM THE PUSH OF ONE BUTTON

TiltBack™ leg

Easy bucket change, cleaning and maintenance

Endurance™ pump

Graco's proven Piston Pump. Lowered inlet check for improved material suction without cavitation. Handtight™ inlet tube and pump lower: Clean your valves in minutes without special tools on the job!

EXCLUSIVE PUMP ATTACHMENT
Remove and replace your entire pump lower:
On the job - without any tools - in seconds

MARK V™ Premium ProConnect™
